WORK EXPERIENCE

Marketing Operations & Growth Manager

Jul 2025 – Present

Pairing · Estonia, Part-time

- Built end-to-end funnels for 14+ clients (more in progress): landing pages, copywriting, video scripts, AI-generated webinar videos, and video editing, and handled the clients' ongoing requests
- Built an automated pipeline that sources and auto-qualifies 1,500+ leads a week, and ran cold-email sequences at a 23% open rate and 6% reply rate (Instantly, HubSpot)
- Worked closely with senior marketers, learned cold email, lead generation, and funnel building hands-on, then automated the repeatable parts with AI
- Work daily with Claude and built internal tools and reusable AI skills that cut campaign execution time by roughly 70%, including 90+ landing page variations and 3 YouTube videos a week
- Grew a multi-product SaaS portfolio (StatsAware, CribCRM, and more) to roughly $22K in monthly recurring revenue, from near zero
- Landed a €10,000 upfront enterprise deal that brought in 30+ sub-clients
- Own product marketing, content, and onboarding across the portfolio, partnering directly with founders on GTM strategy

Marketing Director

Feb 2025 – Apr 2026

Eagle Eye Business Group · Part-time

- Lifted client lead generation by roughly 300% for a real-estate client through funnel and campaign rebuilds
- Co-built and launched a CarCare roadside-assistance service, reaching 12 to 20 daily customers within the first month
- Directed multi-channel campaigns across paid social, search, and TV, managing a cross-functional creative team of 5 to 7

Marketing Manager

Apr 2024 – Jan 2025

Skylink Technologies · Part-time

- Led the proposals and executive presentations behind the Dire Dawa Smart City initiative, helping secure roughly 100M ETB in project work
- Closed private-sector accounts through targeted outreach, proposals, and lead generation
- Developed go-to-market strategy and messaging for 30+ enterprise software products
- Trained 50 students in digital marketing, 17 of whom got jobs (34%)

Search Engine Optimization Manager
Mar 2023 – Aug 2024

Recognise Design · UK, Remote

- Ranked a UK client (Electric Car Chargers UK) in the top 3 Google results for 14 target keywords within 9 months by targeting lower-competition verticals
- Increased client sales by roughly 70% through SEO-driven strategy, and cleaned up a toxic backlink profile
- Rewrote site content and fixed technical SEO (internal linking, metadata, architecture) for sustained organic growth

MarTech & Web Lead
Sep 2023 – Sep 2025

Socity Communications & Marketing · Part-time

- Delivered SEO-integrated website and funnel builds across 7+ industries (real estate, FMCG, manufacturing), lifting average client visibility by roughly 140%
- Designed and shipped conversion-optimized lead and eCommerce funnels on WordPress, OpenCart, Joomla, and Wix
- Instrumented performance dashboards, conversion tracking, and experimentation workflows for data-driven client campaigns

Head of Marketing
Oct 2022 – Mar 2024

JakTech Engineering & Trading PLC

- Scaled a B2B product from 100 to 500 customers within 1 year
- Contributed to roughly 60% of high-value client acquisition through marketing and direct sales
- Product Owner & Marketer for Medascore and Assistant Project Manager & Marketer for Yeabrak, JakTech's in-house products; ran ads for both and grew them to 70,000 followers across 4 platforms with minimal spend
- Collaborated with stakeholders including GIZ, Sequa, and Menschen für Menschen

Freelance Web Developer & Designer
Oct 2022 – Mar 2024

Self-employed

- Built and shipped 30+ websites across freelance and company engagements on WordPress, Payload, WooCommerce, and hand-coded custom development (HTML, CSS, JavaScript)
- Delivered graphic design and video editing for brand, product, and campaign work

PROJECTS

- **Self-built marketing systems:** built AI-driven internal tools and AI workflows (Claude, ChatGPT) that cut execution time by roughly 70%
- **Lead scraping and grading platform:** built with the Pairing and CribCRM team; gathers leads from multiple sources, grades each against the ideal customer profile with AI, and ranks them for outreach
- **Interactive market simulators and proposal decks for clients:** live, clickable simulators where a client changes the inputs and sees projected market and fleet/business numbers, built into the proposal deck to help close deals
- **SEO client work:** delivered SEO and content strategies for Addis Finders Trading and Ayat Real Estate, lifting organic traffic 300% and 30% respectively
